UBC MLIS GRADUATE OPPORTUNITY

I'm looking for a UBC MLIS graduate to do some research on a part time, remote basis.

I'm flexible on the payment terms, but assume something above \$30/hour.

I promote my book via email marketing.
I want to include India and Europe in my marketing.
I've tried this with Google which was useless.

So I need a graduate who can use their research skills to find people and groups in India and Europe who could benefit from my book, or who would be interested in it.

I suggest an initial meeting to discuss this further.
I expect it would require at least 10 hours/week.

Please contact me at efr@telus.com.
My web site is howtofindwork.ca.
